FIRE

A photograph capturing a intense nighttime fire. In the foreground, three firefighters are silhouetted against the bright orange and yellow flames. One firefighter on the left is holding a blue hose. A powerful stream of water or foam is directed towards the fire from the right side of the frame. The sky is filled with thick, billowing smoke, illuminated by the fire's glow. The word "FIRE" is overlaid in large, red-outlined letters on the left side of the image.

ELECTRIC VACUUM

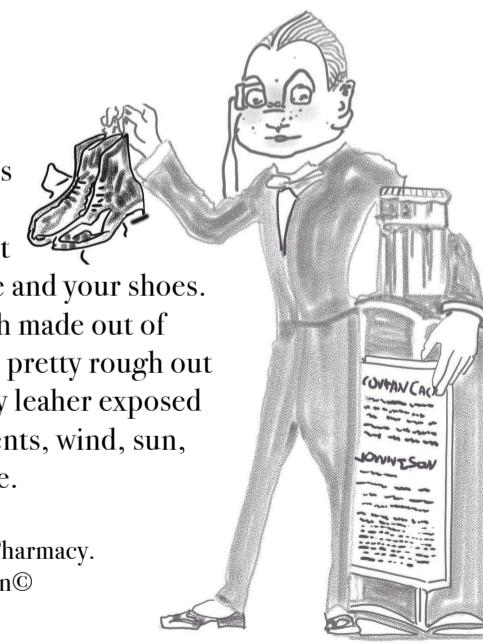

Everybody should have one, it sucks all kind of things up into the canister.

Easy to drag around your house.
So easy to use, even your dog could be trained to use it. (not legal in all states)

CONNOMANAN FACE CREAM

Connomanan face cream is the perfect creme to put on your face and your shoes. They're both made out of leather. It's pretty rough out there for any leather exposed to the elements, wind, sun, rain, and fire.
